# md-doc-static

Easy document management with Markdown
Manage documents using static markdown files only.

## scripts

```
//start dev server
$ npm run dev
//preview
$ npm run preveiw
//build
$ npm run build
```

## how to use

add markdown files under the `public/assets/md/` folder.
We recommend adding numbers at the beginning.

```
//ex
01-about.md
02-database.md
03-authentication.md
04-support.md
```
