md-doc-static

Easy document management with Markdown
Manage documents using static markdown files only.

scripts

```
//install packages
$ npm run i
//start dev server
$ npm run dev
//preview
$ npm run preveiw
//pdf
$ npm run pdf
//build (PDFs are also automatically generated during the build.)
$ npm run build
```

how to use

add markdown files under the `public/assets/md/` folder.
We recommend adding numbers at the beginning.

```
//ex
01-about.md
02-database.md
03-authentication.md
04-support.md
```
